

Parish-Wide Charge Conferences Fall 2008

Each year charge conferences have been held in a little different fashion, so this year I want to encourage the work in our parishes. Therefore, our charge conferences will be held on a parish level.

I have set the following dates. Parish coordinators, pastors and parish councils can determine what happens in each setting. The “business” will be during worship. Worship will involve celebration.

If your parish charge conference is held on Sunday, the usual starting time will be 3:00 p.m. For those held during the week or on Saturday’s, select your own time. Also I can see a Saturday event including a wiener roast, campfire songs, etc. So be creative as a parish.

Charge conference materials **MUST** be in my office (so I can compile and put into booklet form for the parish) 7 days prior to your parish charge conference.
