Lovett Weems, Jr. from Wesley Seminary has identified three areas of clergy effectiveness. I would like you to share your reflection of yourself in each of these areas:

Character – (are you trustworthy, authentic in your spiritual practice, have integrity)

Tell me about your character, who you are as a person

Competence – (what you know – how do you evaluate yourself as a teacher, preacher, worship leader, your pastoral skills, administrative skills, and professional judgment)

Contribution – (what have you accomplished this year in your appointment that is different from last year – have you set forth a vision, built a team, reached new people, fostered faith development and expanded mission and service)
